Tortured by Fairies

Write Your Own Story or Verse

Think about this title - 'The Party Disaster!' It would have suited the story you have just read!

Write your own story or poem about a party that goes wrong and turns into a disaster. Consider these questions to help you plan and draft your story:

What happens?

Why does it happen?

Whose fault is it?

How do the guests end up?

How does the party-giver feel?

Do things work out all right in the end?
