

## Worksheet 2

# The Pirates' Prize

## *Luke Meets Blackbeard*

Imagine that Blackbeard was not dead at all, but in some sort of magical sleep. When Luke gets to the ship, he wakes Blackbeard up. What happens next?

You can tell this story either:

as a comic strip, with talking balloons and captions  
- minimum twelve frames of action,

or

as a normal story (with dialogue) - minimum one page.

*Here are some questions  
to help you shape your  
story.*

1. How did Blackbeard stay alive so long, waiting to deal with people like Luke?
2. What would Blackbeard say to scare Luke off?
3. How would Luke find a way of fighting off Blackbeard?
4. How would it all end? We don't want Luke killing Blackbeard, so how does he get rid of him, or how does he make his own escape (with some of the loot)?
