

Worksheet 2

Extra Lucky

'Guess Who?' Competition

Make a display of photos and add a 'caption clue'. These could be photos of pets your classmates have, or of your classmates as babies. The clue should provide a snippet of information about the person or pet in the photo so that others can guess who it might be.

Give everyone time to look then privately write down their guesses — without discussing it! Then talk about what people think and why they guessed who they did. When you're finished talking about it — reveal the truth and see how close those guesses actually were!
