

Worksheet 3

The Magic Arrow

Island in the Sun

The fairy tale *The Magic Arrow* originates from **Indonesia**. **Indonesia** is a large country made up of many islands. Try to locate **Indonesia** on a map of the world.

Task: Create a POSTER about **one** Indonesian island.

Some examples are Java, Sulawesi, Sumatra, Irian Jaya, Bali and Borneo. Include the following information on your post by researching your chosen island using the Internet or Library resources:

1. Location: Identify the island on a map of Indonesia.
2. Climate: What is the weather like throughout the year.
3. Natural features: What are some physical features of the island, e.g., mountains, forests?
4. Major towns: What are some of the major towns found on the island?
5. Flora and Fauna: What kind of animals and plants are found there?
6. Customs: Identify some of the traditional customs observed on the island.
7. Currency: What is their money called?
8. Clothing: What kind of clothing do they wear?

Try to find some pictures, maps or diagrams to make your poster more colourful.

Good luck!
