

## Worksheet 2

# The Bravest Knight

*Could you be a Knight?*

In your opinion, what qualities would you need to be a knight?

Make a list of the qualities and give a simple reason or example of why such a quality would be important (and you don't have to be serious if you don't want to).

**For example:**

**Quality:** Patience

**Reason:** Dealing with silly old Kings and screaming silly Princes or Princesses

**Example:** When being sent off to slay dragons, having to prove you are worthy of some spoiled bratty princess or wimpy Prince
