

# Talent Quest

## *Inventing Ideas*

Choose someone in your family (or a friend you know well). Imagine it is this person's birthday and your job is to invent a gift. Is there something this person needs or wants or would find very handy? Maybe you can invent something they'd never have expected or thought about!

Use your imagination. Illustrate your invention below and use arrows to label parts or captions to explain what your invention does.

**For example:** An alarm clock for your brother that plays loud music, pours him a juice and waves his smelly socks under his nose to really get him out of bed!
