Worksheet 1

Fun Facts about the Body
Types of Words

You will remember that words come in different types. The most common are **nouns** (the names of things), **verbs** (actions) and **adjectives** (describing words).

Here is an example:

The **black** (adjective) **cat** (noun) **growled** (verb) at me.

Here are words from the text, all mixed up together. Can you put them in the right column?

amazing	body	brain	breathe	clever	computer
eat	feel	fingernails	grow	heart	help
important	interesting	move	muscles	nice	skeleton
soft	speak	strong	tickle	tongue	yummy

NOUN	VERB	ADJECTIVE
