Worksheet 1

The Rainbow

Think about the image of clouds as ships that Christina Rossetti suggests in her poem.

1. Imagine that you can board a *Cloud Ship* sailing through the sky. Think about these questions:
 - Will you sail off alone or will you take a crew?
 - In which direction will you take your ship?
 - Name three places, anywhere on earth that you want to see from your cloud ship?
 - How long will your voyage last?
 - What dangers might you encounter?

(1) The Rainbow: But clouds that sail across the sky
