

Worksheet 2

There's a Train Coming!

Unscramble the Story

In the story, we read about a train crash. Can you unscramble the events which took place?

Number each of the following statements (1-10) to show the order in which they happened.

The injured were taken away to hospital.

The train driver tried to stop using the emergency brake.

The train slid along the railway line, and over a bridge, before coming to a stop.

The train driver saw the car on the line. The train struck the car at high speed.

The front carriage of the train left the rails and rolled over on its side.

Ambulance and police arrived at the scene of the wreck.

Passengers were travelling home, not expecting anything unusual to happen.

The train left the station not far from the lake.

Two men got their car stuck on the railway line.
