

Worksheet 2

Wendy And The Genie

Unscramble the story

Here are things that happened in "Wendy and the Genie". However, the order has been mixed up. Can you put them back in the correct order by writing numbers 1-10 against each?

"Yes," said the genie. "You are right. Three wishes."

"You fooled me," she said. "Again."

"What is it, Wendy?" Her mother cuddled Wendy.

People looked up and screamed. Cars swerved.

"What wishes, darling? What do you want? Aren't you happy?"

Wendy was in a castle. She was wearing a beautiful dress.

"I wish I had little wings like a fairy. And that I could fly."

Wendy was in the attic when she found a lamp. A very old lamp.

Wendy looked up. Sure enough. A genie was smiling at her.

"I wish – I wish I was really big!"
